commonalities and
specifics of the
respective business
models. The book
begins with an
overview of the
business model
concept in general by
presenting the
development of
business models,
analyzing definitions
of business models
and discussing the

significance of the
success of business
model management.

In turn, Chapter 2
offers insights into
and explanations of
the business model
concept and provides
the underlying
approaches and ideas
behind business
models. Building on
these foundations,
Chapter 3 outlines the

fundamental aspects
of the digital
economy. In the
following chapters the
book examines
various core models
in the business to
consumer (B2C)
context. The chapters
follow a 4-C approach
that divides the digital
B2C businesses into
models focusing on
