Austerity: The History of a

Dangerous Idea is a 2013 book by

Mark Blyth that explores the

economic policy of austerity.

Studying the use of austerity

around the world up to the early

2010s and tracing its intellectual

lineage, Blyth argues that the case

for increasing economic growth

through austerity is overstated, is

counterproductive when

implemented during recessions,

and has exacerbated the Eurozone crisis . [1]

## Austerity: The History of a Dangerous Idea - Wikipedia

Austerity: The History of a Bad Idea, by Mark Blyth, is an (obviously) anti-austerity text. It recounts the history of austerity as an economic idea, touching on the work of classical economists like Locke, Smith and Hayek, to name a few. Blythe touches on austerity mentality in past economic crises such as the Great Depression, and examines modern data on austerity measures implemented during the recession of 2008 to get his point across.

A short history of austerity: it almost never works ...

The United Kingdom government austerity programme is a fiscal policy adopted in the early 21st century following the Great Recession. It is a deficit reduction programme consisting of sustained reductions in public spending and tax rises, intended to reduce the government budget deficit and the role of the welfare state in the United Kingdom .

United Kingdom government austerity programme - Wikipedia

Austerity past In 2010, the coalition government created the Office for Budget Responsibility (OBR) to make independent fiscal judgements and assess its plans.

### Book Review: Austerity: The History of a Dangerous Idea ...

In the worst case, austerity policies worsened the Great Depression and created the conditions for seizures of power by the forces responsible for the Second World War: the Nazis and the Japanese military establishment. As Blyth amply demonstrates, the arguments for austerity are tenuous and the evidence thin.
