Cracking the SAT Math 2 Subject Test This is a good all-around study guide. It contains content review, useful strategies, and decent practice tests. Pros The practice tests have no answer key errors. They're not quite the same as official practice tests (some of the problems lack elegant solutions and will take you longer than 30-60 seconds to solve), but the differences aren't large enough to keep you from getting an 800 on the real thing.
