Flightpath is the definitive course for pilots and Air Traffic Controllers who need an ICAO4 level of English to work in the industry. Written by Philip Shawcross, one of the world's leading Aviation English experts, and reviewed by a panel of aviation English specialists, this course offers a thorough grounding in the range of communication skills needed by both pilots and Air Traffic Control Officers (ATCOs) aiming to reach ICAO4 level or above. The Teacher's Book is a complete manual and subject matter reference book for Aviation English teachers of any level of experience, with detailed notes and instructions for each unit. The teacher's notes provide further support and will help the trainer customise the course for pilots, ATCOs and mixed classes.

Flightpath is the definitive course for pilots and Air Traffic Controllers who need an ICAO4 level of English to work in the industry. Flightpath is the only Aviation English course to offer a thorough grounding in the full range of communication skills needed by aviation professionals to communicate in non-routine situations. With regular focus on ICAO criteria, learners are given full support in reaching industry standards, including case studies, analysis of their own communication skills, exposure to authentic in-flight communication, and communicative tasks. Flightpath is the most accurate preparation course available for any ICAO4 language test, and includes authentic industry training video. Flightpath has been reviewed and endorsed by a panel of leading aviation communication and safety professionals.

An innovative, new multi-level course for the university and in-company sector. Business Advantage is the course for tomorrow's business leaders. Based on a unique syllabus that combines current business theory, business in practice and business skills - all presented using authentic, expert input - the course contains specific business-related outcomes that make the material highly relevant and engaging. The Business Advantage Intermediate level books include input from leading institutions and organisations, such as: the Cambridge Judge Business School, IKEA, Emirates NBD, Isuzu and Unilever. The Teacher's Book comes with photocopiable activities, progress tests, and worksheets for the DVD which accompanies the Student's Book.

Providing at least 50 hours of classroom material, this course builds financial language and teaches students about key financial concepts. It also focuses on the communication skills necessary for working effectively within the industry. It covers a wide range of financial topics, including retail and investment banking, accounting, trade finance, and mergers and acquisitions.

The most up-to-date business English dictionary created specially for learners of English.

Business Plus is a three-level, integrated-skills, business English course, from A1 (false beginner) to B1 (pre-intermediate) levels. Each level of the Student's Book has 10 units. Designed to be easy and enjoyable to teach, each unit features integrated skills and language practice. Units also include cultural awareness sections that connect learners to their region and beyond. In addition, TOEIC-style practice sections allow students' progress to be measured.

New International Business English is a thoroughly revised and redesigned new edition of the highly successful course International Business English. While maintaining the first edition's flexible learner-centred approach for people who need English in their day-to-day work, New International Business is now easier to use and even more effective in the way it addresses the key Business English language skills such as telephoning, socializing and taking part in meetings. The key features of the new edition are: - bright, open design at large format, and in colour for the Student's Book. - shorter, more manageable units. New International Business English is a genuine 90 hour course. - a new unit on Negotiating.

Get ready to take flight as two certified flight instructors guide you through the pilot ratings as it is done in the real world, starting with Sport Pilot training, then Private Pilot, followed by the Instrument Rating, Commercial Pilot, and Air Transport Pilot. They cover the skills of flight, how to master Flight Simulator, and how to use the software as a learning tool towards your pilot's license. More advanced topics demonstrate how Flight Simulator X can be used as a continuing learning tool and how to simulate real-world emergencies.
