Eighteen-year-old Quinn MacPherson's biggest fear has always been turning out like her mentally unstable mother or cold-hearted father. That is, until she meets Benjamin Shaw. Quinn thinks hooking up with Ben over summer vacation will be nothing more than a quick fling, and with his hot body and heart-breaking smile that's all she really wants from him. But she quickly realises that, Ben is not just some guy. He gets her - the real her, flaws and all - and that scares the hell out of her. So when Ben does the unthinkable and tells Quinn he's in love with her, she does what comes naturally: she pushes him away, breaking his heart, before he can break hers. Ben isn't prepared to let go that easily, he knows that Quinn is something special, and he'll do whatever it takes to make sure they're together. But will he be able to persuade Quinn to open herself up and allow Ben in to her life... and her heart?

Bridge the gap in opportunity to overcome the gap in achievement! Although out-of-school factors that limit student success may seem like obstacles too big to address, this guidebook provides the necessary direction to bridge the opportunity gap and close the achievement gap. Step-by-step instructions on how to conduct a community equity audit, along with detailed case studies, activities, and discussion questions give readers the power to assess opportunity gaps and eliminate them. A community equity audit asks questions such as: • Do the children in my community have the same opportunity as children in other communities? • Does my community have the same resources as other communities? • If my community needs more resources how can we provide them?

Read the latest studies on the effectiveness of religious-based services—and the problems revealed in the assessment The Charitable Choice provision and the Bush Administration's National Faith-Based Initiative have broadened the scope of social services delivered through faith-based organizations. in comparison to secular services while providing analysis of the latest available studies. Faith-Based Social Services: Measures, Assessments, and Effectiveness provides a conceptual analysis of FBOs (faith-based organizations) that reflects the need to gather detailed studies to assess social service effectiveness while reviewing the crucial issues challenging public policy. The latest empirical research is detailed, including the problems found when comparing secular and faith-based social service providers, their organizational structures, and the types of services offered. Analysis is included of the data from a three-state evaluation of welfare to work programs, a study of four types of faith-based services found in four cities, and an assessment of a church-based program for teenage drop-outs. Topics in Faith-Based Social Services: Measures, Assessments, and Effectiveness include: discussion on how social science research shunned faith-based services and how this neglect affected effectiveness problems inherent in efficacy assessment making funding priorities decisions the causes of outcome differences a model of evaluation based on randomized controlled clinical trials using measurement practices currently used by the nonprofit sector comparative case studies in transitional housing, parent education, and residential substance abuse treatment programs latest analysis of research involving faith-based organizations and the provided services' efficacy much more! Faith-Based Social Services: Measures, Assessments, and Effectiveness is illuminating reading, perfect for social work professionals, students, educators, sociologists, religious leaders, and seminary educators.

Over the past four decades - and most especially in recent years as issues of identity continue to play out across the public stage - identity theory has developed into one of the most fascinating and active research programs within the spheres of sociological social psychology. Having emerged out of a landmark 2014 national conference that sought to integrate various research programs and to honor the groundbreaking work of Dr. Peter J. Burke, *New Directions in Identity Theory and Research* brings together the pioneers, scholars, and researchers of identity theory as they present the important theoretical, methodological, and substantive work in identity theory today. Edited by Dr. Jan E. Stets and Dr. Richard T. Serpe, this volume asserts that researchers and scholars can no longer rely on using samples, measures, concepts, and mechanisms that limit the overall advancement of identity theory and research. Instead, as Stets and Serpe contend in their introductory chapter, "Researchers constantly must try out new ideas, test the ideas with more refined measures, use samples that are representative yet racially and ethnically diverse, and employ methods (perhaps mixed methods) that capture the different dimensions of the identity process." This book is the truest testament to this idea. In *New Directions in Identity Theory and Research*, Stets, Serpe, and contributing authors urge readers to think outside the box by providing the road map necessary to guide future work and thought in this emerging field.

She can't even commit to a nail polish choice, much less some guy. Unfortunately for her, Ben is not just some guy. Ben gets her - the real her, flaws and all and that scares the hell out of her. When Ben does the unthinkable - tells Quinn he's in love with her - she does what comes naturally. She pushes him away. Ben can only watch from a distance as Quinn lashes out, and punishes him for daring to care about her. But how far can you push someone, even someone who loves you, before they are gone for good?

It's been a year since Quinn's life was changed for good by that Christmas kiss from Ben. A year spent getting her life together. Since he met Quinn, Ben's life has been full of change. After finally standing up to his mom, he's cut ties with his family and moved across the country with the only girl he's ever wanted. But there's something to be said for feeling needed, and he's not sure that he is anymore. When Quinn's accepted into a month long culinary program in Italy, she's ecstatic. But while she's in a gorgeous country learning gnocchi and pesto, Ben's blowing off her calls and pulling back. But someone from Ben's past walks back into his life, and he finally feels like he has a purpose again. Someone to take care of... Someone to save. When Quinn returns, and the who's and why's of Ben's behavior are revealed, how does she have any choice but to walk away from the only guy she's ever loved? And how can Ben ever learn to let her go?
