IB students are evaluated externally, two ways. One way is through the internal assessment lab report, which accounts for 20% of the overall IB score. The second way is through the external assessment, which consists of three papers or exams. Each paper has a different format and content by which you are evaluated.

There are two types of IB assessment: Internal and External. External assessments are the exams that you can choose to take in May. Internal Assessments are completed during the semester(s) you take the class. The internal assessment is NOT optional. It is a graded assignment for the class and is incorporated into your IB score for the course.

#### IB Biology SL Exam Preparation - Studynova

This quiz was compiled from questions from past IB  
Biology International exams. My intention in creating  
it is to give students the opportunity to practice the  
real exam as a mock test. When you finish this, you'll  
have an idea of how you'll do on the real exam, and  
whether or not you might need to study more. Good  
luck! P.S.: Not every question has a picture.
