In Suzanne Lacy's Mapping the Terrain: New Genre Public Art, authors espouse continuity and responsibility through community-based public art works, collaborative practices among artists and their audiences, and the engagement of multiple audiences through empathy and appreciation. Their sense of new genre public art builds on exposure, deconstruction, and rejection of modernism's constructs and myths.

### Mapping the Terrain: New Genre Public Art - Lacy, Suzanne

The objective of this section is to learn to apply basic raster surface analyses to terrain mapping applications. Surface analysis is often referred to as terrain (elevation) analysis. Vector or raster dataset that contains an attribute value for every locale throughout its extent. when information related to slope, aspect, viewshed, hydrology, volume, and so forth are calculated on raster surfaces such as DEMs (digital elevation models; Chapter 5 'Geospatial Data Management', Section 5.3.1 ...
