Neuromarketing For Dummies

Part of Neuromarketing For Dummies Cheat Sheet . The term neuromarketing refers to the use of modern brain science to measure the impact of marketing and advertising on consumers. For decades, marketers have sought to understand what consumers were thinking, but they've relied on traditional techniques — asking them what they thought in focus groups and surveys.

What Is Neuromarketing? - dummies

Neuromarketing For Dummies goes beyond the hype to explain the latest findings in this growing and often misunderstood field, and shows business owners and marketers how neuromarketing really works and how they can use it to their advantage. You'll get a firm
