Examines a fairly wide range of issues concerning the ever-expanding field of political theory, in a multidisciplinary (historical-sociological-economic-philosophical-juristic) perspective. It elaborates the nature and significance of political theory, concept of ideology with a concise and critical discussion of major political ideologies, nature of politics and various approaches to its study including empirical, normative, behavioural, post-behavioural as well as interdisciplinary approach. It elucidates the concepts of the state and sovereignty with reference to the challenges of imperialism, colonialism, neo-colonialism, impact of globalization, grounds and limits of political obligation, various dimensions of law (including rule of law), power (along with authority and legitimacy) citizenship (including democratic citizenship), human rights, liberty (including freedom as emancipation), equality (including equality of opportunity), justice (including social justice) and the common good. Then it dwells on various models and theories of democracy (including participatory and deliberative democracy), indicating the significance of multiculturalism. Finally it gives a critical account of the theories of social change and development with special reference to the problems of underdevelopment, sustainable development and political development

This new edition of An Introduction to Political Theory examines a fairly wide range of issues on political theory as identified at the beginning of the new millennium. It elaborates the nature and significance of political theory, concept of ideology, wi

This revised edition examines a fairly wide range of issues on political theory, identified at the beginning of the new millennium. Elabo-rating the nature and significance of political theory, the book delves into the concept of ideology, nature and different views on politics and approaches to the study of politics. It is designed to cater to the needs of various Indian universities and competitive examinations including the Civil Services examination.

Social and Political Philosophy introduces some of the most important topics in contemporary political philosophy and questions whether these can be accommodated within the framework of liberal theory. It consists of specially written essays by prominent figures in social and political philosophy. Each essay carefully considers both the theoretical and practical problems of a major topic. Traditional perspectives are balanced with new challenges. Topics include: \* Moral Methodology \* Libertarianism \* Socialism \* Lesbian and Gay Perspectives \* Feminism \* Racial and Multicultural Perspectives \* Rationality \* Welfare Liberalism \* Environmentalism \* Virtue Ethics and Community \* Just War Theory and Pacifism \* Civil Disobedience.

Comprehensively written, this book presents the political theories, concepts, analysis, thoughts and main currents. The book begins with introduction to political theory, its history, evolution & approaches while also discussing forms & organs of Government. It progresses to discuss contemporary political analysis in light of American concepts and main currents of Political Thought in detail. This book would be extremely useful for the students pursuing BA Political Science.

What Is Political Theory? provides students with a comprehensive overview of the current state of the discipline. Eleven substantive chapters address the most pressing topics in political theory today, including: - what resources do the classic texts still provide for political theorists? - what areas will political theorists focus on in the future? - can western political theory alone continue to provide a framework for responding to the challenges of modern political life? The authors assess the intellectual challenges to conventional political theory, such as post-structuralism and the scientific study of politics, that have revitalized the field in the last 30 years. They also broaden the perspective to take in non-western ideas and to reconceptualize political theory in the light of specifically global challenges. Students and teachers of political theory and political philosophy will find this book invaluable in understanding the factors that have shaped current political theory and which will guide its future development.
