Orchids on your budget:- Or Live smartly on what have you

Orchids on your Budget was a lifestyle book first published in 1936. I found this book so fascinating for my quest to enjoy my life because it was about just that with similar conclusions that I have discovered. This book targets people of all levels of wealth with no apology even though it comes on the heels of the Great Depression.

First published in 1937, ORCHIDS ON YOUR BUDGET gives advice on all manner of subjects, from entertaining and creating the perfect capsule wardrobe to relinquishing the family estate. Lest you worry about how to put the advice into practice, each chapter concludes with a case study providing examples of women who heeded - and those lamentable souls who ignored - Marjorie's wise words. "It's not difficult to have fun out of economizing (up to a point), both because of the sense of achievement it gives you and because everyone else is doing it, too. ... A slight financial pressure sharpens the wits, though it needn't sharpen the disposition. But it takes an interesting person to have an attractive ménage on a shoe-string and to run it with gaiety and charm. ... Maybe you would rather play polo than ping-pong, but if you've got an old ping-pong set and no ponies, you'll get a lot more fun out of life from being a ping-pong champion than from taking a dispirited whack with a polo mallet every now and then.

Bubbly on Your Budget is an effervescent guide to living on a budget without sacrificing style. First published in 1937, these tips stand the test of time. Author Marjorie Hillis proves that it isn't how much we have, but how we act, that matters. With a charming can-do attitude she offers hundreds of creative solutions, including creating the perfect capsule wardrobe, dining out for brunch rather than dinner, and setting aside a budget for miscellaneous (this is where the bubbly fits in!) each month. Brimmingwith vintage line illustrations, this delightful book shows that being smart about money and living life to the fullest never goes out of style.

"Whether you view your one-woman ménage as Doom or Adventure, you need a plan, if you are going to make the best of it." Thus begins Marjorie Hillis' archly funny, gently prescriptive manifesto for single women. Though it was 1936 when the Vogue editor first shared her wisdom with her fellow singletons, the tome has been passed lovingly through the generations, and is even more apt today than when it was first published. Hillis, a true bon vivant, was sick and tired of hearing single women carping about their living arrangements and lonely lives; this book is her invaluable wake-up call for single women to take control and enjoy their circumstances. Hillis takes readers through the fundamentals of living alone, including the importance of creating a hospitable environment at home, cultivating hobbies that keep her there ("for no woman can accept an invitation every night without coming to grief"), the question of whether single ladies may entertain men at home (the answer may surprise you!), and many more. With engaging chapter titles like "A Lady and Her Liquor" and "The Pleasures of a Single Bed," along with a new preface by author Laurie Graff (You Have to Kiss A Lot of Frogs), LIVE ALONE AND LIKE IT is sure to appeal to live-aloners and many other readers alike.

From the flapper to The Feminine Mystique, a cultural history of single women in the city through the reclaimed life of glamorous guru Marjorie Hillis. You've met the extra woman: she's sophisticated, she lives comfortably alone, she pursues her passions unabashedly, and—contrary to society's suspicions—she really is happy. Despite multiple waves of feminist revolution, today's single woman is still mired in judgment or, worse, pity. But for a brief, exclamatory period in the late 1930s, she was all the rage. A delicious cocktail of cultural history and literary biography, The Extra Woman transports us to the turbulent and transformative years between suffrage and the sixties, when, thanks to the glamorous grit of one Marjorie Hillis, single women boldly claimed and enjoyed their independence. Marjorie Hillis, pragmatic daughter of a Brooklyn preacher, was poised for reinvention when she moved to the big city to start a life of her own. Gone were the days of the flirty flapper; ladies of Depression-era New York embraced a new icon: the independent working woman. Hillis was already a success at Vogue when she published a radical self-help book in 1936: Live Alone and Like It: A Guide for the Extra Woman. With Dorothy Parker–esque wit, she urged spinsters, divorcées, and “old maids” to shed derogatory labels and take control of their lives, and her philosophy became a phenomenon. From the importance of a peignoir to the joy of breakfast in bed (alone), Hillis's tips made single life desirable and chic. In a style as irresistible as Hillis's own, Joanna Scutts, a leading cultural critic, explores the revolutionary years following the Live-Alone movement, when the status of these “brazen ladies” peaked and then collapsed. Other innovative lifestyle gurus set similar trends that celebrated guiltless female independence and pleasure: Dorothy Draper's interior design smash, Decorating Is Fun! transformed apartments; Irma Rombauer's warm and welcoming recipe book, The Joy of Cooking, reassured the nervous home chef that she, too, was capable of decadent culinary feats. By painting the wider picture, Scutts reveals just how influential Hillis's career was, spanning decades and numerous best sellers. As she refashioned her message with every life experience, Hillis proved that guts, grace, and perseverance would always be in vogue. With this vibrant examination of a remarkable life and profound feminist philosophy, Joanna Scutts at last reclaims Marjorie Hillis as the original queen of a maligned sisterhood. Channeling Hillis's charm, The Extra Woman is both a brilliant exposé of women who forged their independent paths before the domestic backlash of the 1950s trapped them behind picket fences, and an illuminating excursion into the joys of fashion, mixology, decorating, and other manifestations of shameless self-love.

Introduction: Birth of a Public -- President in the Maelstrom: FDR as Public Opinion Theorist -- Twisted Populism: Pollsters and Delusions of Citizenship -- A Consuming Public: The Strange and Magnificent New York World's Fair -- Radio Embraces Race and Immigration, Awkwardly -- Interlude: A Depression Needn't Be So Depressing -- Public Opinion and Its Problems: Some Ways Forward.

The book aims to familiarize you with different aspects of the orchid plant before getting started. The aim of this endeavor is to help beginners realize that growing orchids is like having a pet. If you pay attention to them they will repay you with lovely blooms. If you wish to grow this spectacular plant in your garden, but thought that it was too difficult, then this book will help you to get started. Even if you have failed to bloom orchids in the past, there are several tips and techniques to help you keep your orchids blooming, no matter your environment or experience, budget and location. The book demystifies the growing process and reveals professional secrets for blooming, repotting and pests. Perfect for beginners as well as orchid experts looking for new tricks, you will discover which orchids are the easiest to grow, and then learn the steps you need to take to keep your orchid alive, healthy and blooming.

Flamboyant and fantastic, orchids are the world's most highly prized plants—yet home growers think they're difficult to grow. Orchids don't have to be a challenge: the secret is to find plants that share similar growing conditions. With more than 100 breathtaking color photographs and easy-to-follow diagrams, this book is the perfect choice for Southern gardeners who want to add glamour to their home or garden.

Orchids can bloom year after year. In this essential guide, Bruce Rogers, "The Orchid Whisperer", shares his expert tips from more than three decades of breeding and growing orchids. The book demystifies the growing process and features more than 100 lush color photographs of breathtaking plants. Best of all, it reveals professional secrets not found anywhere else for blooming, repotting, spotting hazards and pests, grooming, decorating, and much more. Perfect for beginners as well as orchid experts looking for new tricks, The Orchid Whisperer provides everything readers need to know to keep healthy orchids that will flower again and again!
