One of the most eminent scholars and writers on men and masculinity and the author of the critically acclaimed *Manhood in America* turns his attention to the culture of guys, aged 16 to 26: their attitudes, their relationships, their rules, and their rituals. “ Kimmel is our seasoned guide into a world that, unless we are guys, we barely know exists. confusing, as young men drift casually through college and beyond—hanging out, partying, playing with tech toys, watching sports. But beneath the appearance of a simple extended boyhood, a more dangerous social world has developed, far away from the traditional signposts and cultural signals that once helped boys navigate their way to manhood—a territory Michael Kimmel has identified as "Guyland." In mapping the troubling social world where men are now made, Kimmel offers a view into the minds and times of America's sons, brothers, and boyfriends, and he works toward redefining what it means to be a man today—and tomorrow. Only by understanding this world and this life stage can we enable young men to chart their own paths, stay true to themselves, and emerge safely from Guyland as responsible and fully formed male adults.

A revista Playboy foi um marco na história do jornalismo brasileiro. Primando sempre pela qualidade, tinha uma equipe de profissionais de alto nível, tornando-se referência pelas reportagens e entrevistas com celebridades e políticos, pelo projeto gráfico-visual inovador e pelas grandes mulheres que se despiam para seus leitores. Este livro reúne as memórias de 15 profissionais que atuaram em Playboy de 1975 a 2015, entre eles jornalistas, fotógrafos e ex-diretores. Cada capítulo revela uma face da publicação, desde as ideias iniciais de concepção da revista, passando pelas negociações com as garotas de capa e as aventuras para garantir as entrevistas exclusivas, até as mudanças que a edição brasileira — a de maior sucesso entre todas as edições de Playboy — foi sofrendo ao longo do tempo.
