The most respected and accomplished authorship team in high school biology, Ken Miller and Joe Levine are real scientists and educators who have dedicated their lives to scientific literacy. Their experience, knowledge, and insight guided them in creating this breakaway biology program -- one that continues to set the standard for clear, accessible writing. Brand-new content includes the latest scholarship on high-interest topics like stem cells, genetically modified foods, and antibiotics in animals.

A more concise textbook and a complete online program offer you a more environmentally friendly way to teach biology. The Core Edition, which covers the general high school biology curriculum, is supported by premium digital content on Biology.com PLUS- including author updates, online virtual labs, and the ability for students to create their own video clips. These ground-breaking online resources allow full flexibility of scope and sequence to meet your standards!
