23 Mind blowing facts about female psychology *Psychology Of Womens Mind*

Female psychology is that of yin, male psychology is that of yang. Men and women compliment one another, with their energies, their efforts, and their strengths. I think 99% of miscommunications in relationships stem from this fact. Men are direct, women are indirect. Men are logical, women are emotional.

Women and Anxiety. Women are also more prone to anxiety. As with depression, women's anxiety may be at least partly related to hormones, but there is little research on the difference between anxiety in men and women. One study discovered the following: Women are more often prescribed psychotropic drugs for anxiety.

Psychology of Women is an approach that focuses on social, economic, and political issues confronting women all throughout their lives. It can be considered a reaction to male-dominated theories such as Sigmund Freud 's view of female sexuality.

*Feminine psychology - Wikipedia*

I'll admit that women are crazy. We are. But not all of our nuttiness is undecipherable. In fact, I firmly believe any guy can give a woman that 'swept off her feet' feeling by following a myriad of relatively simple guidelines. When Christian asked me to shed some light on the female psychology and detail how a woman ends up making out in the coat closet with one guy while not giving ...
