Requiem for the American Dream (Extended) *Noam Chomsky--Requiem for the American Dream by Dr. Paul Cottrell Requiem for the American Dream Main Theme Requiem For The American Dream*

REQUIEM FOR THE AMERICAN DREAM is the definitive discourse with Noam Chomsky on the defining characteristic of our time - the deliberate concentration of wealth and power in the hands of a select few.

Requiem for the American Dream (2015) - IMDb

Requiem for the American Dream: The 10 Principles of Concentration of Wealth & Power is a book by political activist and linguist Noam Chomsky. It was created and edited by Peter Hutchinson, Kelly Nyks, and Jared P. Scott. It lays out Chomsky's analysis of neoliberalism.

Requiem for the American Dream - Wikipedia

Part history lesson, part political commentary, part autobiography, Requiem For The American Dream is supposedly the last forthcoming interview of the greatest intellectual thinker of our time: an impression of the United States of yesteryear--where solidarity informed society's actions and a high collective consciousness fueled countless sociocultural progressions--complete with laments on how the

A NEW YORK TIMES BESTSELLER! In his first major book on the subject of income inequality, Noam Chomsky skewers the fundamental tenets of neoliberalism and casts a clear, cold, patient eye on the economic facts of life. What are the ten principles of concentration of wealth and power at work in America today? They're simple enough: reduce democracy, shape ideology, redesign the economy, shift the burden onto the poor and middle classes, attack the solidarity of the people, let special interests run the regulators, engineer election results, use fear and the power of the state to keep the rabble in line, manufacture consent, marginalize the population. In *Requiem for the American Dream*, Chomsky devotes a chapter to each of these ten principles, and adds readings from some of the core texts that have influenced his thinking to bolster his argument. To create *Requiem for the American Dream*, Chomsky and his editors, the filmmakers Peter Hutchison, Kelly Nyks, and Jared P. Scott, spent countless hours together over the course of five years, from 2011 to 2016. After the release of the film version, Chomsky and the editors returned to the many hours of tape and transcript and created a document that included three times as much text as was used in the film. The book that has

## Read Free Requiem For The American Dream The 10 Principles Of Concentration Of Wealth Power

resulted is nonetheless arguably the most succinct and tightly woven of Chomsky's long career, a beautiful vessel--including old-fashioned ligatures in the typeface--in which to carry Chomsky's bold and uncompromising vision, his perspective on the economic reality and its impact on our political and moral well-being as a nation. "During the Great Depression, which I'm old enough to remember, it was bad--much worse subjectively than today. But there was a sense that we'll get out of this somehow, an expectation that things were going to get better . . ." --from Requiem for the American Dream

NOAM CHOMSKY is widely regarded as the most influential thinker of our time, but never before has he devoted a major book to one topic, income inequality: "During the Great Depression, things were much worse than they are today, but there was an expectation that things were going to get better. There was a real sense of hopefulness. There isn't today. . . . Inequality is really unprecedented. In terms of total inequality, it's like the worst periods in American history. But if you refine it more closely, the inequality comes from the extreme wealth in a tiny sector of the population, a fraction of 1 percent. . . . Not only is it extremely unjust in itself, inequality has highly negative consequences on the society as a whole because the very fact of inequality has a corrosive, harmful effect on democracy." --NOAM

CHOMSKY, in Requiem for the American Dream Requiem for the American Dream is not an essay collection but an entire work of some 70,000 words based on four years of interviews with Chomsky by the editors. Chomsky considers these to be his final, long-form documentary interviews. It is a book that makes Chomsky's breadth and depth accessible, and at the same gives us his most powerful political ideas with unprecedented, breathtaking directness. It will go down as one of his greatest and most lasting contributions. Requiem for the American Dream is being produced in tandem with the film of the same name that was recently released in selected theaters to rave reviews and standing ovations and will be on Netflix and touring colleges prior to the book's release.

Examines the formidable challenges facing the middle class, calling for fundamental changes while surveying the extent of the problem and identifying the people and agencies most responsible.

Populists on both sides of the political aisle routinely announce that the American Dream is dead. According to them, the game has been rigged by elites, workers can't get ahead, wages have been stagnant for decades, and the middle class is dying. Michael R. Strain, director of economic policy studies at the American Enterprise

## Read Free Requiem For The American Dream The 10 Principles Of Concentration Of Wealth Power

Institute, disputes this rhetoric as both wrong and dangerous. In this succinctly argued volume, he shows that, on measures of economic opportunity and quality of life, there has never been a better time to be alive in America. He backs his argument with overwhelming—and underreported—data to show how the facts favor realistic optimism. He warns, however, that the false prophets of populism pose a serious danger to our current and future prosperity. Their policies would leave workers worse off. And their erroneous claim that the American Dream is dead could discourage people from taking advantage of real opportunities to better their lives. If enough people start to believe the Dream is dead, they could, in effect, kill it. To prevent this self-fulfilling prophecy, Strain's book is urgent reading for anyone feeling the pull of the populists. E. J. Dionne and Henry Olsen provide spirited responses to Strain's argument.

"An extraordinary achievement . . . a vision of hell so stern it cannot be chuckled or raged aside."—The New York Times Book Review A classic of postwar American literature, *Last Exit to Brooklyn* created shock waves upon its release in 1964 with its raw, vibrant language and startling revelations of New York City's underbelly. The prostitutes, drunks, addicts, and johns of Selby's Brooklyn are fierce and lonely creatures, desperately searching for a moment of

transcendence amidst the decay and brutality of the waterfront—though none have any real hope of escape. Last Exit to Brooklyn offers a disturbing yet hauntingly sensitive portrayal of American life, and nearly fifty years after publication, it stands as a crucial and masterful work of modern fiction. This ebook features an illustrated biography of Hubert Selby Jr. including rare photos from the author's estate.

National Book Award winner: This story of a family torn apart by the Vietnam era is "a magnificent portrayal of two noble men who broke each other's hearts" (Booklist). James Carroll grew up in a Catholic family that seemed blessed. His father, who had once dreamed of becoming a priest, instead began a career in J. Edgar Hoover's FBI, rising through the ranks and eventually becoming one of the most powerful men in the Pentagon, the founder of the Defense Intelligence Agency. Young Jim lived a privileged life, dating the daughter of a vice president and meeting the pope—all in the shadow of nuclear war, waiting for the red telephone to ring in his parents' house. James fulfilled the goal his father had abandoned, becoming a priest himself. His feelings toward his father leaned toward worship as well—until the tumult of the 1960s came between them. Their disagreements, over Martin Luther King, Jr. and the civil rights

## Read Free Requiem For The American Dream The 10 Principles Of Concentration Of Wealth Power

movement; turmoil in the Church; and finally, Vietnam—where the elder Carroll chose targets for US bombs—began to outweigh the bond between them. While one of James's brothers fled to Canada, another was in law enforcement ferreting out draft dodgers. James, meanwhile, served as a chaplain at Boston University, protesting the war in the streets but ducking news cameras to avoid discovery. Their relationship would never be the same again. Only after Carroll left the priesthood to become a writer, and a husband with children of his own, did he begin to understand fully the struggles his father had faced. In *An American Requiem*, the New York Times bestselling author of *Constantine's Sword* and *Christ Actually* offers a benediction, in "a moving memoir of the effect of the Vietnam War on his family that is at once personal and the story of a generation . . . at once heartbreaking and heroic, this is autobiography at its best" (Publishers Weekly).

Willy Loman has been a salesman all his life, but at sixty he is forced to take stock of his life and face its futility and failure. His predicament gives him heroic stature in this modern-day tragedy.

A Smithsonian Magazine Best History Book of 2018 The unknown history of two ideas crucial to the struggle over what America stands for In *Behold, America*, Sarah Churchwell offers a surprising account of

## Read Free Requiem For The American Dream The 10 Principles Of Concentration Of Wealth Power

twentieth-century Americans' fierce battle for the nation's soul. It follows the stories of two phrases--the "American dream" and "America First"--that once embodied opposing visions for America. Starting as a Republican motto before becoming a hugely influential isolationist slogan during World War I, America First was always closely linked with authoritarianism and white supremacy. The American dream, meanwhile, initially represented a broad vision of democratic and economic equality. Churchwell traces these notions through the 1920s boom, the Depression, and the rise of fascism at home and abroad, laying bare the persistent appeal of demagoguery in America and showing us how it was resisted. At a time when many ask what America's future holds, Behold, America is a revelatory, unvarnished portrait of where we have been.

A brilliant indictment of US imperial power.

Harry Goldfarb, heroin addict and son of lonely widow Sara, cares only about enjoying the good life with girlfriend Marion and best friend Tyrone C Love, and making the most of all the hash, poppers and dope they can get. Sara Goldfarb sits at home with the TV, dreaming of the life she could have and struggling with her own addictions - food and diet pills. But these four will pay a terrible price for the pleasures

## Read Free Requiem For The American Dream The 10 Principles Of Concentration Of Wealth Power

they believe they are entitled to. A passionate, heart-breaking tale of the crushing weight of hope and expectation, Requiem for a Dream is a dark modern-day fable of New York. 'Selby brings a scorching light to a limited area of human existence, which most people know of but do not know.' Newsweek 'One of the great American novelists, and one who has helped us to understand the nature of addiction and the human condition better, perhaps, than any other.' Guardian
