This work is a complete English translation of the Latin Etymologies of Isidore, Bishop of Seville (c.560 – 636). Isidore compiled the work between c.615 and the early 630s and it takes the form of an encyclopedia, arranged by subject matter. It contains much lore of the late classical world beginning with the Seven Liberal Arts, including Rhetoric, and touches on thousands of topics ranging from the names of God, the terminology of the Law, the technologies of fabrics, ships and agriculture to the names of cities and rivers, the theatrical arts, and cooking utensils. Isidore provides etymologies for most of the terms he explains, finding in the causes of words the underlying key to their meaning. This book offers a highly readable translation of the twenty books of the Etymologies, one of the most widely known texts for a thousand years from Isidore's time.

Presents the celebrated Cuban revolutionary 's thoughts on " Nuestra America, " the Latin America Mart í fought to make free.

This very successful textbook is distinguished by a superior writing style that draws upon common student experiences to introduce economic concepts, making economic theory more accessible and interesting. Case Studies and numerous examples take advantage of students' intuitive knowledge of economics, building upon real-life situations. A streamlined design places pedagogy and illustrations directly within the flow of the text, making them less distracting and more useful for students. A fully integrated program of technology enhancements sets this text apart by pairing the book with numerous online multimedia learning tools that have been developed to help the text better serve a wide range of learning styles. The text uniquely integrates classroom use of The Wall Street Journal by including in-text pedagogy to help readers learn to analyze the latest economic events as reported in the Journal. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The 1903 Mrdang aur Tabla Vadanpaddhati is a revelatory text that has never been translated or analysed. It is a manual for playing the two most important drums of North Indian (Hindustani) music, the pakhavaj (mrdang) and the tabla. James Kippen provides the first translation of this immensely important text. He sets the work and objectives of the original author in the context of a rich historical, social and political background. By also discussing the differences in the second edition of 1938 Kippen illuminates the process by which 'tabla theory' was being created in the early 20th century.
