The Flavour-Led Weaning Cookbook Unlike my aimless wander through weaning, Zainab has structured the book into four stages; purees, flavourful finger food, chunkier meals and big table meals, thus taking you all the way from 17 weeks right up to adulthood and trust me, some of these meals look far too good to just be fed to the baby.

takes you from purees at 6 months / or minimum of 17 weeks right up to 12 months and beyond. The flavour-led weaning cookbook starts off with great purees, plain initially, and then the introduction of herbs, spices and other lovely flavours.

I love that the Flavour-Led Weaning Cookbook is compact in size but comes in hardback form making it easy to prop up on the kitchen worktop whilst preparing the tasty recipes. The pages are brightly coloured and there are plenty of photos of each meal giving you an idea of what to aim for. I love how personalised Zainab has made the book.

guide, The Mama Natural Baby-Led Weaning E-Cookbook is bursting with 150 real-food recipes organized by baby's age. What is Baby-Led Weaning? Baby-led weaning (BLW) is an approach to introducing solid food where baby is allowed and encouraged to self-feed solid finger foods instead of receiving purées via spoon. BLW babies join the family at mealtime, choose what and how much to eat, explore new tastes and textures, while typically continuing to nurse.
