~~What waits Beneath? Pat O'Toole has always idolized his older brother, Coop. He's even helped Coop with some of his crazier plans -- such as risking his life to help his big brother dig a tunnel underneath their neighborhood in the suburbs of Washington, DC. Coop is . . . different. He doesn't talk on the phone, doesn't use email, and doesn't have friends. He's never really cared for anything but the thrill of being underground and Pat. So it's no surprise to anyone -- even Pat -- that after a huge fight with their parents, Coop runs away. Exactly one year later, Pat receives a package containing a digital voice recorder and a cryptic message from his brother. He follows the clues to New York City, and soon discovers that Coop has joined the Community, a self-sufficient society living beneath the streets. Now it's up to Pat to find his brother -- and bring him home. EXCERPT: From BENEATH Exactly one year to the day after my brother, Coop, ditched me, I got a package in the mail. It came to the school, not our house. The secretary handed me the package with a warning that I was never to use the school as my personal address. I was going to tell her that I hadn't when I saw my name: Pat Meatloaf O'Toole scrawled in Coop's familiar handwriting. Meatloaf is not my real middle name. I told her I would never do it again, grabbed the package, locked myself in a restroom stall, and tore the box open. Inside was a handheld digital voice recorder, a supply of memory sticks, and a note written on a greasy hamburger wrapper: "Lil Bro, Pat, just turn the recorder to Play, and I'll explain what you're supposed to do with this. DO NOT share with parents. This is just between you and me. Your big bro, Coop . . ." I made sure the restroom was empty and switched on the recorder. Praise for TENTACLES: "A high-octane page-turner that will reel readers in and keep them riveted." --SCHOOL LIBRARY JOURNAL "Swashbuckling adventure, narrow escapes, sea monsters: The fascinating science of cryptids and Smith's fast-paced story will capture the imagination of any action-loving reader." --BOOKPAGE Praise for the STORM RUNNERS series: "A breakneck read, perfectly geared to the restless and reluctant." --BULLETIN OF THE CENTER FOR CHILDREN'S BOOKS "This slice of natural disaster . . . offers nary a dull moment. A high-velocity page-turner . . ." --KIRKUS REVIEWS~~

~~Chase Masters and his father are Storm Runners. They race across America in pursuit of hurricanes, tornadoes and floods. Anywhere bad weather strikes, they won't be far behind. Chase knows he is learning far more on the road than he ever would in a classroom. But when the worst hurricane of the century hits, Chase finds himself tested in ways he could never have imagined. He's alone, with no food and no shelter. Can Chase survive the storm? And will he ever see his father again?~~

~~Twins, Grace and Marty, along with a mysterious uncle, are dropped into the middle of the Congolese jungle in search of their missing photojournalist parents.~~

~~Roland Smith makes his Scholastic debut with a middle-grade adventure novel about the search for a mysterious creature--the giant squid--in this sequel to CRYPTID HUNTERS. Marty and Grace O'Hara's globe-trotting parents disappeared while on assignment for a nature magazine, and now they're living with their Uncle Wolfe, a scientist fascinated by cryptids--creatures that appear in myths but haven't been proven to exist, such as the Loch Ness Monster. Wolfe is planning an expedition to New Zealand to track a giant squid, and he's rented a huge (and possibly haunted) freighter for the trip. But someone on board is determined to sabotage their mission--and if Marty and Grace keepin' poking their noses into things, they might end up the saboteur's next victims!~~

~~After Nick's British father's plantation in Burma is invaded by the Japanese in 1941, and his father and others are taken prisoner, Nick and his friend Mya plan a daring escape on elephants, risking their lives to save Nick's father and Mya's brother from the prisoner of war camp.~~

~~The only thing you'll find on the summit of Mount Everest is a divine view. The things that really matter lie far below. - Peak Marcello After fourteen-year-old Peak Marcello is arrested for scaling a New York City skyscraper, he's left with two choices: wither away in Juvenile Detention or go live with his long-lost father, who runs a climbing company in Thailand. But Peak quickly learns that his father's renewed interest in him has strings attached. Big strings. As owner of Peak Expeditions, he wants his son to be the youngest person to reach the Everest summit--and his motives are selfish at best. Even so, for a climbing addict like Peak, tackling Everest is the challenge of a lifetime. But it's also one that could cost him his life. Roland Smith has created an action-packed adventure about friendship, sacrifice, family, and the drive to take on Everest, despite the incredible risk. The story of Peak's dangerous ascent-told in his own words-is suspenseful, immediate, and impossible to put down.~~
